

SECRETARY OF STATE

PIERRE, SOUTH DAKOTA

In an effort to place South Dakota in the fore-front in Aviation, a series of airport dedications have been arranged to take place in various cities of this state from April 29 to May 4.

A map of the proposed airways system, as prepared by the United States Air Service at Washington, shows that although air lines pass through all of our neighboring states, South Dakota is the only one which is not crossed by at least one air route. In as much as it is conceded that the aeroplane is destined to alter and revolutionize activities in every line of humane endeavor, this is a serious situation, and one which demands careful consideration and immediate attention by all citizens, who have, at heart, the continued advancement and future welfare of our state.

Realizing that air traffic will do much toward furthering the rapid growth and development of this Northwest Territory, and believing that no territory will be more greatly benefited by the development of this new form of transportation than our own state, therefore, I, W. J. Bulow, proclaim the week of April 29 to May 4, inclusive, as

SOUTH DAKOTA AVIATION WEEK

with the hope that sufficient public interest in aviation will be aroused to thereby give encouragement to those citizens who are making an earnest endeavor to route through South Dakota, East, West, North and South, transcontinental air lines, which are at present designated to miss South Dakota entirely.

Done at the Capitol in the city of Pierre this 4th day of April.

By the Governor

Gladys P. G.
Secretary of State

W. J. Bulow
Governor.
